Here at Bluevale Meadows, we want to ensure that each of our puppies goes to a perfect match for their forever home. Please fill out the following fields to ensure we can help match just the right puppy for you.

*Though we work off a reserve list based on who placed reservation fee's first, second and so on, we are working with pups from day one, 24/7 and have in our opinion, the best analysis of each and every pup. We do an evaluation on temperaments when pups are 7 weeks of age and highly recommend which puppies would best suit you and your family. But the choice is still yours.

We want our puppies to succeed in life, and this means helping to match them with the right family.
